

STAKEHOLDER Engagement

Turn Discord into Alignment

Artificial intelligence simulation software, live instructor-led discussions, and team competition prepares participants to:

- ☑ Prioritize and engage project partners and challengers
 - ☑ Collaborate effectively and minimize conflict
 - ☑ Influence partners to gain support

**... resulting in
effective project
management**

**Beneficial for anyone who
wants to align partners and
adversaries to a common vision**

**Gain “three months” of project relationship
management experience in only a few workshop hours!**

**Immersive simulated learning provides ultimate
engagement and training ROI.**
